

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

November 21, 2012

Mr. Donald E. Anderson
105 Juniper Road
Warner Robins, GA 31093

Re: WARNING NOTICE

Amateur Radio License N4TAT

Dear Mr. Anderson:

On Friday, November 16, 2012, you were heard by staff at the Commission's monitoring station causing intentional interference to other stations operating in proximity to your desired operating frequency of 14.313 MHz.

On November 16, 2012, at 1515 UTC, a group of amateur operators were attempting to establish communications on 14.313 MHz. While the group was transmitting, you began re-broadcasting a recording announcing you were moving to a different amateur frequency on 14.313 MHz in an apparent attempt to interfere with their ongoing communications. An employee of the Commission used direction finding equipment and confirmed the interfering transmissions were coming from your location. The employee recorded the offending transmissions, and provided undersigned counsel with recordings of the incident in question. Should you desire a copy of the recording, one will be made available to you.

This incident constitutes deliberate interference and retransmitting in violation of the Commission's rules. Your operation as described above is contrary to the basis and purpose of the amateur radio service as set out in Section 97.1 and is a violation of Section 97.113(5)(b) of the Commission's rules. Please be advised that the Commission expects you to abide by its rules. This letter serves as notice that, if operation of this type reoccurs after receipt of this letter, you could be subject to severe penalties, including license revocation, monetary forfeiture (fines), or a modification proceeding to restrict the frequencies upon which you may operate.

Sincerely,

Laura L. Smith, Esq.
Special Counsel
Enforcement Bureau

Cc: Atlanta Field Office
South Central Regional Director
See 47 C.F.R. S:S: 97.1 and 113(5)(b).
Fines normally range from \$7,500 to \$10,000.
