

Report to RCMP / Filed in 2012

Karol Madera has frequently expressed hatred and sexually abusive diatribes directed toward women and children. Many of the missing and murdered women and children on the following list disappeared or were murdered within a short distance of Saanich. In point of fact, Karol Madera was reported to RCMP as having stalked and harassed a woman in Parksville, BC, which is nearly 150 km from Madera's home in Saanich. RCMP and Saanich PD would be wise to search Madera's house for evidence linking him to any of these missing and murdered women.
